

ARCHITECTLESS

Designs For Less

Why pay exorbitant architectural fees when great designs already exist? Millions are spent every year creating building designs that are used only once.

Design Owners

Earn from your unused architectural projects by listing them in our global marketplace.

Design Seekers

Access full, ready-to-use building designs at a fraction of traditional costs.

ArchitectLess changes that. We connect design owners and seekers, offering a sustainable and cost-effective solution for architectural plans.

For Design Owners – Earn More with ArchitectLess

Turn old designs into **new income.**

Passive Revenue

Every design you upload can keep earning

Global Reach

Your work can now serve builders worldwide

No Extra Work

Upload once, and start earning

Protect Your Rights

Our licensing system safeguards ownership while granting buyers reuse permissions

What You Can Sell:

- Residential apartments & villas
- Schools, hospitals, clinics, hotels, offices
- Any **non-unique, utilitarian design**
